

# Muirhead Dental Health - FEE GUIDE

## APPOINTMENTS

**During your first consultation, we will assess and give you a full picture of your dental health and fitness.** This includes a preliminary discussion, taking of medical history, jaw joint check, oral cancer screen and (usually) some small x-rays.

**Private Fee**

**£125**

**We recommend our plan** to spread the cost of your on-going dental health checks and hygiene. A great way to ensure that you maintain your best dental health. It includes financial assistance with some dental emergencies/trauma. Reduction on some treatments\*

**From £10.40 per month**

**Dental Health Check, typically every 12 months.** Nine point check of the health of your mouth and surrounding areas with discussions of the findings. Any small x-rays are included.

**£60**  
(included in plan)

**Hygienist appointment, for plaque control - the key to your dental health.** Assessment plus advice to promote gum health. Thorough clean of your teeth.

**£63**  
(included in plan)

**Hygienist appointment with Airflow** gently removes biofilm and stains.

**£80**

## STANDARD TREATMENTS

**The amount you pay is based on the complexity of any treatment, together with the materials you choose.** You will receive an estimate before any treatment begins.

**White fillings, made of composite for durability and a natural appearance.**

**£60-£200**

**Silver amalgam fillings, the traditional type of filling material, highly durable and versatile.**

**£60-£180**

**Root canal treatment. A complex but worthwhile treatment. Requires two appointments.** An infected tooth can usually be saved by having the central pulp space cleaned and filled. The root-treated tooth may need a crown for additional strength.

**£340 (£306\*) Front Tooth**  
**£495 (£445\*) Premolar**  
**£620 (£558\*) Molar**

**Extraction priced by case.**

**£110-£160**

## REPLACING A MISSING TOOTH OR TEETH

**The varied prices reflect the intricacy of the work and don't indicate that one treatment is 'better' than another. What works for one person may not be the best for you. Your dentist will guide you in your decision making process to arrive at the most appropriate solution. Leaflets explaining the detail of specific treatments are available in reception.**
